Professional Microdermabrasion Systems

Diamond Fusion

It's a fusion of crystals and organic grains, to rejuvenate and polish.

Diamond International's Diamond Fusion Deluxe integrates our Diamond Crystals and world patented Organic Grains into one reliable system. The benefits of this machine will speak for themselves, as your clients enjoy a standard Diamond Dermabrasion treatment, coupled with a treatment of Organic Grains to shine their newly revived skin.

Ideal for a medium to large sized salon, the Diamond Fusion Deluxe is an easy to use, operator friendly machine. It's motors work simultaneously for optimal performance, comes with large filters and large bottles.

With the Diamond wand, allow for your clients to receive an extra microdermabrasion media with the use of diamond tips for a crystaless treatment that is designed to be used on the natural contours of the face. Let your clients look as good as they feel, with the Diamond Fusion Deluxe.
